Dear Public Records Act Coordinator:

We are writing on behalf of **California Unions for Reliable Energy ("CURE")** to request a copy of any and all records related to the Humboldt Wind Energy Project ("Project"), proposed by Humboldt Wind, LLC. This request includes, but is not limited to, any and all materials, correspondence, resolutions, memos, notes, analysis, electronic mail messages, files, maps, charts, and/or any other documents related to the Project.

The Project proposes to construct and operate 60 wind turbine generators and associated infrastructure with a nameplate generating capacity of up to 155 megawatts. In addition to the wind turbines and transformers, the Project would include ancillary facilities such as temporary staging areas, access roads, 34.5 kilovolt collection lines, an operations and maintenance building, a substation with energy storage infrastructure, utility switchyard modification, and a 115 kV Gen Tie. The Project traverses land bisected by U.S. Highway 101, roughly 12 miles southeast of the City of Fortuna and 20 miles north of the community of Garberville. The community of Scotia is located adjacent to the northern edge of the Project alignment.

This request is made pursuant to the California Public Records Act. (Government Code §§ 6250, et seq.) This request is also made pursuant to Article I, section 3(b) of the California Constitution, which provides a Constitutional right of access to information concerning the conduct of government. Article I, section 3(b) provides that any statutory right to information shall be broadly construed to provide the greatest access to government information and further requires that any statute that limits the right of access to information shall be narrowly construed.

We will pay for any direct costs of duplication associated with filling this request up to \$200. However, please contact me at (650) 589 1660 with a cost estimate before copying/scanning the materials.

Pursuant to Government Code Section 6253.9, if the requested documents are in electronic format and are 10 MB or less (or can be easily broken into sections of 10 MB or less), please email them to me as attachments.

My contact information is:
