Danny Luther don't quote me, but i think it has fed money in it

June 9, 2011 at 11:14am

IBEW Local 440 This is a Prevailing Wage Job at this time. If fed money is pulled it will be private. All Electrical connections will be by JW's and Apprentices. If private CE-CW will place glass and JW & Apprentices will do connections. We do not know if there will be 1 or 2 contractors yet we are waiting to hear from First Solar on that issue.

Michael Barnum Laying glass is the biggest part of the job I hope they don't take t away from us. Contractors want a solar installation classificat on but they already have it with ce-cw I pray it stays in the hands of JW
