Re: **Renaissance Specific Plan Recirculated Draft Subsequent  
Environmental Impact Report** (SCH No. 2006071021)

Dear Ms. Gibson:

I am writing on behalf of **Laborers International Union of North America, Local Union No. 783** and its members living in the City of Rialto and San Bernardino County (collectively "LIUNA" or "Commenters") regarding the Recirculated Draft Subsequent Environmental Impact Report ("RDSEIR") prepared for the Renaissance Specific Plan ("Project" or "RSP") (SCH No. 2006071021). On August 19, 2016, we submitted extensive comments on the Draft Subsequent Environmental Impact Report ("DSEIR") issued in June 2016. After reviewing the RDSEIR, it is evident that the document contains numerous errors and omissions that preclude accurate analysis of the Project. As a result of these inadequacies, the RDSEIR fails as an informational document and fails to impose all feasible mitigation measures to reduce the Project's impacts. Commenters request that the City of Rialto ("City") address these shortcomings in a new draft environmental impact report and recirculate the DEIR prior to considering approvals for the Project. We reserve the right to supplement these comments during review of the Final EIR for the Project and at public hearings concerning the Project. *Galante Vineyards v. Monterey Peninsula Water Management Dist.*, 60 Cal. App. 4th 1109, 1121 (1997). Thank you for your consideration of these comments.
