Dear Mr. Turner, Ms. Gonzalez and Ms. Herrle:

We are writing on behalf of California Unions for Reliable Energy (“CURE”) to request a copy of all records related to Silverstrand Grid Project (“Project”), proposed by Able Grid Energy Solutions (dba Silverstrand Grid, LLC). This request includes, but is not limited to, all applications, materials, correspondence, resolutions, memos, notes, analysis, electronic mail messages, files, maps, charts, and/or any other documents related to the Project.

The Project proposes to develop a distribution-connected, 11 megawatt (four-hour duration) stand-alone lithium ion battery energy storage resource, addressing the long-term local capacity requirements in the Moorpark sub-area electrically below the Santa Clara A-Bank substation. The Project site is located at 500 Airport Way, Camarillo, California 93010 in Ventura County.

This request is made pursuant to the California Public Records Act. (Government Code §§ 6250, et seq.) This request is also made pursuant to Article I, 4699-002pae

Good Afternoon Madeline,

Has the County received a formal application for the Able Grid Silverstrand Grid Project yet? If so, has the application been deemed complete? Also, has the type of CEQA environmental review document required for the project been determined, and are there any hearings on this project scheduled at this time?

Thank you,  
Sheila
