Re: Request for Immediate Access to Public Records – City Boy Farms Project, CUP: DRC2017-00123; Environmental Determination #19-043

Dear Mr. Savage, Mr. Keith and Mr. Landreth:

We are writing on behalf of San Luis Obispo County Residents for Responsible Development to request *immediate access* to any and all public records referring or related to the City Boy Farms Project, Conditional Use Permit: DRC2017-00123 and Environmental Determination #19-043 (“Project”) proposed by CB Farms (“Applicant”). This request includes, but is not limited to, any and all file materials, applications, correspondence, resolutions, memos, notes, analysis, electronic mail messages, files, maps, charts, and/or any other documents related to the Project.

Pursuant to the California Public Records Act, Government Code Section 6250 et seq., we request that San Luis Obispo County (“County”) make immediately available for inspection and copying all public records related to the Project. We request immediate access to review the responsive documents pursuant to section

6253(a) of the Public Records Act, which requires public records to be “open to inspection at all times during the office hours of the state or local agency” and provides that “every person has a right to inspect any public record.” Gov. Code § 6253(a).

This request seeks access to the above documents for inspection under Section 6253(a) only and does not request that the City provide copies of these documents. Therefore, the ten-day response period applicable to a “request for a copy of records” under Section 6253(c) does not apply to this request.

Pursuant to Government Code section 6253.9, if the requested documents are in electronic format, please send them via a file transfer program such as Dropbox. If the files are 10 MB or less (or can be easily broken into chunks of 10 MB or less), please email them as attachments. We reserve the right to have a copy service make copies of any and all of the requested documents depending on the volume. I will be contacting you soon to arrange for transmission/duplication of the responsive records.
