Re: Comment on Draft Environmental Impact Report, Tasman East Specific Plan aka PLN2016-12400, SCH #2016122027 and File No. CEQ2016-01026

Dear Mr. Davidson, Mr. Crabtree and Ms. Yamaguma:

I am writing on behalf of the **Laborers International Union of North America, Local Union No. 270** and its members living in the City of Santa Clara ("LIUNA"), regarding the Draft Environmental Impact Report; ("DEIR") prepared for the Project known as the Tasman East Specific Plan aka PLN2016-12400, SCH #2016122027 and File No. CEQ2016-01026, including all actions related or referring to the proposed development of a high density transit-oriented neighborhood of up to 4,500 dwelling units and up to 106,000 square feet of retail space bounded by Tasman Drive to the south, the Guadalupe River to the East, the Santa Clara golf course to the north, and Lafayette Street to the west in the City of Santa Clara ("Project").

After reviewing the DEIR, we conclude that the DEIR fails as an informational document and fails to impose all feasible mitigation measures to reduce the Project's impacts. Commenters request that the Community Development Department address these shortcomings in a revised draft environmental impact report ("RDEIR") and recirculate the RDEIR prior to considering approvals for the Project. We reserve the right to supplement these comments during review of the Final EIR for the Project and at public hearings concerning the Project. *Galante Vineyards v. Monterey Peninsula Water Management Dist.*, 60 Cal. App. 4th 1109, 1121 (1997).

We hereby request that City of Santa Clara ("City") send by electronic mail, if possible or U.S. Mail to our firm at the address below notice of any and all actions or hearings related to activities undertaken, authorized, approved, permitted, licensed, or certified by the City and any of its subdivisions, and/or supported, in whole or in part, through contracts, grants, subsidies, loans or other forms of assistance from the City, including, but not limited to the following:

- Notice of any public hearing in connection with the Project as required by California Planning and Zoning Law pursuant to Government Code Section 65091.
- Any and all notices prepared for the Project pursuant to the California Environmental Quality Act ("CEQA"), including, but not limited to:
 - Notices of any public hearing held pursuant to CEQA.
 - Notices of determination that an Environmental Impact Report ("EIR") is required for a project, prepared pursuant to Public Resources Code Section 21080.4.
 - Notices of any scoping meeting held pursuant to Public Resources Code Section 21083.9.
 - Notices of preparation of an EIR or a negative declaration for a project, prepared pursuant to Public Resources Code Section 21092.
 - Notices of availability of an EIR or a negative declaration for a project, prepared pursuant to Public Resources Code Section 21152 and Section 15087 of Title 14 of the California Code of Regulations.
 - Notices of approval and/or determination to carry out a project, prepared pursuant to Public Resources Code Section 21152 or any other provision of law.
 - Notices of approval or certification of any EIR or negative declaration, prepared pursuant to Public Resources Code Section 21152 or any other provision of law.

Please note that we are requesting notices of CEQA actions and notices of any public hearings to be held under any provision of Title 7 of the California Government Code governing California Planning and Zoning Law. **This request is filed pursuant to Public Resources Code Sections 21092.2 and 21167(f), and Government Code Section 65092,** which requires agencies to mail such notices to any person who has filed a written request for them with the clerk of the agency's governing body.
