Justification/Reason for Appeal

1375 St. Andrews Apartments Project

CEQA No.: ENV-2015-4630-EIR

1365–1375 St. Andrews Place, 5604-5632 W De Longpre Ave, & 5605-5607 W. Fernwood Ave.

REASON FOR THE APPEAL: The Environmental Impact Report (“EIR”) prepared for the 1375 St Andrews Apartments Project (CEQA No. ENV-2015-4630-EIR) (“Project”) fails to comply with the California Environmental Quality Act (CEQA).

SPECIFICALLY THE POINTS IN ISSUE: The EIR fails to adequately analyze environmental impacts of the Project, fails to adequately describe the environmental setting of the Project, and fails to propose all feasible mitigation measures and alternatives to reduce Project impacts. Specifically, the EIR found potentially significant impacts in the following categories: noise, public services, transportation and traffic. It also found potentially significant impacts for one of the mandatory findings of significance required by CEQA. Appellant also believes the Project will have significant air quality impacts, indoor air quality impacts, as well as traffic impacts and other impacts. The CEQA document fails to tie environmental impacts to human health impacts in violation of CEQA. These potentially significant impacts must be analyzed in a revised EIR.

Additionally, the Project fails to meet the affordable housing requirements of Measure JJJ.

HOW YOU ARE AGGREIVED BY THE DECISION: Members of appellants Supporters Alliance for Environmental Responsibility (“SAFER”) live in the vicinity of the proposed Project. They breathe the air, suffer traffic congestion, and will suffer other environmental impacts of the Project unless it is properly mitigated. Members of SAFER, will be directly affected by soil contamination, improperly controlled construction equipment, and other risks during Project construction.

WHY YOU BELIEVE THE DECISION-MAKER ERRED OR ABUSED THEIR DISCRETION: The Zoning Administrator approved the EIR, Statement of Overriding Considerations and the Mitigation Monitoring Program for the Project despite the fact that the EIR fails to comply with CEQA. Additionally, the Project should not have been approved without meeting the affordable housing requirements of Measure JJJ.
