**Re: 1375 St. Andrews Project
Council File No.: 19-1294
Case No.: ENV-2015-4630-EIR
Agenda Item Number 9 (November 19, 2020)**

Dear Chair Harris-Dawson and Honorable Councilmembers of the PLUM Committee:

Please find attached correspondence submitted by Appellant **Supporters Alliance for Environmental Responsibility ("SAFER")** to the Central Area Planning Commission on September 9, 2019 concerning the 1375 St. Andrews Project EIR, including the expert comments of indoor air quality expert Francis Offermann and air quality consulting firm SWAPE.

For the reasons set for in SAFER's September 9, 2019 correspondence, SAFER respectfully requests that the Committee grant SAFER's appeal so that staff may adequately address the Project's significant impacts on indoor and outdoor air quality prior to Project approval. Thank you.

Sincerely,

A handwritten signature in blue ink that reads "Brian B. Flynn".
