Dear Public Records Act Coordinator:

We are writing on behalf of California Unions for Reliable Energy ("CURE") to request a copy of any and all records related to the Wildflower Solar Project (Application No. PLNP2018-00320) ("Project"), proposed by Wildflower Solar Land Holdings, LLC (a company of Lightsource BP) ("Project"). This request includes, but is not limited to, any and all materials, correspondence, resolutions, memos, notes, analysis, electronic mail messages, files, maps, charts, and/or any other documents related to the Project. The Project proposes to develop an approximately 15-megawatt solar photovoltaic (PV) generating farm at the point of grid interconnection and would include a Project onsite switchyard, PV solar panels, power collection systems, and access driveways on agricultural lands. The Project site is located at West 6th Street, opposite U Street, in the Rio Linda-Elverta area in unincorporated Sacramento, California (Assessor Parcel Numbers 202-0090-030, -031, -032, and -033).

This request is made pursuant to the California Public Records Act. (Government Code §§ 6250, et seq.) This request is also made pursuant to Article I, section 3(b) of the California Constitution, which provides a Constitutional right of access to information concerning the conduct of government. Article I, section 3(b) provides that any statutory right to information shall be broadly construed to provide the greatest access to government information and further requires that any statute that limits the right of access to information shall be narrowly construed.

We will pay for any direct costs of duplication associated with filling this request up to \$200. However, please contact me at (650) 589-1660 with a cost estimate before copying/scanning the materials.

Pursuant to Government Code Section 6253.9, if the requested documents are in electronic format and are 10 MB or less (or can be easily broken into sections of 10 MB or less), please email them to me as attachments.

My contact information is:
