

Justification/Reason for Appeal

Bronson Residential Tower Project

VTT-83510-CN; CPC-2021-6886-DB-SPR-WDI-HCA; ENV-2021-6887-CE

I. REASON FOR THE APPEAL

The Categorical Exemption prepared for the Bronson Residential Tower Project (VTT-83510-CN; CPC-2021-6886-DB-SPR-WDI-HCA; ENV-2021-6887-CE) (“Project”) fails to comply with the California Environmental Quality Act (“CEQA”). Furthermore, the approval of the Vesting Tentative Tract Map (VTT-83510-CN) was in error because (1) on its face, the Project does not qualify for a Categorical Exemption due to potential air quality and noise impacts and (2) the cumulative impacts and historical resources exceptions apply to the Project. The City must set aside the entitlements, withdraw the CEQA analysis for the Project, and prepare and circulate an Environmental Impact Report (“EIR”) prior to considering approvals for the Project.

II. SPECIFICALLY THE POINTS AT ISSUE

The specific points at issue are set forth in the attached comment letter dated March 21, 2022. An EIR should be prepared to remedy these issues, and proper CEQA review must be complete *before* the City approves the Project’s entitlements. (*Orinda Ass’n. v. Bd. of Supervisors* (1986) 182 Cal.App.3d 1145, 1171 [“No agency may approve a project subject to CEQA until the entire CEQA process is completed and the overall project is lawfully approved.”].) The VTT approval was therefore premature and otherwise unsupported by substantial evidence.

III. HOW YOU ARE AGGRIEVED BY THE DECISION

Members of appellant **Supporters Alliance for Environmental Responsibility (“SAFER”)** live and/or work in the vicinity of the proposed Project. They breathe the air, suffer traffic congestion, and will suffer other environmental impacts of the Project unless it is properly mitigated.

IV. WHY YOU BELIEVE THE DECISION-MAKER ERRED OR ABUSED THEIR DISCRETION

The Advisory Agency approved Vesting Tentative Tract No. VTT-83510-CN and approved a Categorical Exemption for the project pursuant to Section 15332 of the CEQA Guidelines, despite evidence in the record that the project does not meet the requirements of a Section 15332 exemption. The Project has the potential to cause significant air quality and noise impacts, in addition to falling under the cumulative impacts and historical resources exceptions to Categorical Exemptions. The Department of City Planning should have prepared an EIR and circulated the Draft EIR for public review and comment in accordance with CEQA prior to consideration of approvals for the Project. The City is not permitted to approve the Project’s entitlements until proper CEQA review has been completed.
