The Denial of this request: \$1,052*

The Approval of this request: \$1,052*

*Except for Subdivision appeals: \$130.00 of this appeal amount is allocated to the Board of Supervisors' Hearing

Briefly, explain the reason for the appeal (attach additional information if necessary):

SAFER objects to the county's decision to exempt the project from review under the California Environmental Quality Act. The project requires a discretionary housing permit rather than an administrative housing permit because the incentives, waivers, and reduction of standards would have a specific adverse impact upon public health and safety and the physical environment, and/or would have a specific adverse impact for which there is a feasible method to satisfactorily mitigate or avoid the specific adverse impact without rendering the housing development unaffordable to extremely low, very low, lower, or moderate income households.
